

Check your print size

A plain-paper test before printing your artwork.

Print at Actual size / 100%. Match the paper in your printer.

1. Check the settings

Choose “Actual size” or “100%”. Turn off “Fit to page”.

Turn off borderless enlargement too.

2. Measure with a ruler

The line must be 4 inches long.

1 inch on each side

3. Check your measurements

Do the line and square match?

Cut one blank insert and try it in an empty pocket.

Too small or too large?

Check your paper size and the settings in step 1.

Print this test again before continuing.

If it still differs, try another PDF viewer or printer driver.
